

Association of Energy Engineers®

April 21, 2009

Mr. Peter Daldoss, P.E., C.E.M.
Project Manager
Optimira Energy
1790 Matheson Blvd., Unit C1
Mississauga, Ontario, Canada L4W 0B3

Dear Mr. Daldoss:

Re: [AEE 2009 International Awards](#)

The Association of Energy Engineers is pleased to announce that the City of Toronto Arenas Energy Savings Project has been selected by the AEE Awards Committee to receive the Award for **2009 Energy Project of the Year: International**. We understand that as the Project Manager, you will be accepting this award. Congratulations from all of us at AEE!

AEE confers prestigious awards each year to individuals and companies that have achieved national and international prominence in promoting the practices and principles of energy engineering and energy management.

This award, recognizing the value of such projects in the energy industry, will be presented on the evening of Wednesday, November 4, 2009, at the Walter E. Washington Convention Center in Washington, D.C. The AEE Awards Banquet will be held in conjunction with the 2009 World Energy Engineering Congress. It is our hope that you will be present to accept the award. We will contact you soon with further details.

An official press release will be issued a few days prior to the presentation of the Awards. In the meantime, feel free to share this information with your colleagues, friends, and family.

Again, may I extend the warmest congratulations from all of us at AEE on having your project selected for this high honor.

Cordially,

A handwritten signature in black ink, appearing to read 'Albert Thumann', is positioned above the printed name.

Albert Thumann
